

QMX 109

Pump for immobilization devices

Double effect pump designed for use with Spencer vacuum mattresses or vacuum/inflatable splints.

Specific features

- Large air chamber allow faster depression/inflation
- The shape of the base allow to hold firmly the pump with the feet during use
- Handles with non-slip finish
- The suction/inflation tube is connected through a quick lock/release system
- Connections with clear identification on the handle group (inflate/deflate)
