CARRERA PRO
Self-Loading stretcher
With housing for spine board

Carrera Pro is a self-loading stretcher for patient transport usable in rescue operations on streets and rescue vehicles. The legs fold away independently, activating the dedicated commands and they open automatically during the unloading procedure. The spinal board can be placed in a dedicated housing located under the patient board.

Specific features
- Polyethylene board easy to clean
- Color coded commands
- Adjustable backrest
- Antishock position Trendelenburg
- 2 fixed wheels and 2 pivoting with large diameter to make movement easier
- Brakes on rear wheels
