

TRACK 4-E

IV pole for stretcher

Track 4-E is an IV pole for Spencer stretcher, intended to maintain the prevalence necessary in order to guarantee the continuity of the infusion operations also during the transport with the stretcher.

Specific characteristics

Simple to install
 Rugged and lightweight design
 It guarantees compact size through the ability to be folded up.
 The locking rings allow a quick and effective adjustment
 It can support two bags
 Bands with locking straps to prevent the fluctuations of the bags during the transport.
